Indianapolis R/C Modelers Chapter 288  
WWW.INDYRCMODELERS.COM  
October 2022

## The Editor's Corner

For our new members I wanted to let you know that New Years Day is always a big day at the field. We have been out flying in 60 degrees and negative 20 degrees—in snow and fog. Jack is normally the first one at the field with the first flight of the year often before sunrise which is 0805 on New Years day.

The winter club meetings we will be at the Trinity Park United Methodist Church at 207 West Park Avenue Greenfield, IN 46140. The meeting is held in the gym at the rear of the building. We have indoor flying starting about 1700 and the meeting starts at 1900. This is a small gym but we can fly our small UMX slow flyers and night vapors.

Election of officers for 2023 will be held at the December meeting with nominations again open at the November club meeting. If you are interested in running for office contact any of the current officers.

By now you have been sent information concerning the planned club Christmas on Dec 3. If you have any questions please contact Jeff Thomas directly.

Check out the events page at the end of this newsletter for indoor flying events and area swap meets this winter and next spring

A **BIG** thanks to everyone that donated to our efforts in supporting the Morristown food pantry. We were able to send them a check for \$370

Ted

## **In this Issue.**

Meeting Minutes October 2022

Presidents Corner

Event Calendar

**Club meeting— Monday November 7 at 7pm at the Church**

## **Minutes from the Indianapolis RC Modelers Meeting 3 October 2022**

Meeting opened at the church at 1900—24 members present

Minutes of September meeting read and approved

Treasurers report for end of fiscal year was presented and approved. This will also be the planned budget for 2023.

Discussion Items:

We now have a renewed lease for 2023. \$2200 for the year.

The potential for the Indy South Club and the NEST club finding a new field are looking good but they will probably not be in very good shape for flying in 2023 as the zoning approvals will not be complete until early spring so no work on site prep can be done until then.

It was a great year for training and introducing potential new flyers to the hobby. We had over 30 people take up our Aero Scouts. Tom Shores has done a great job with training and getting the AMA simulator trailer.

Porto—pots will be serviced in late October for the final time in 2022

Officer Nominations for 2023—all the current officers have agreed to serve again in 2023. If you are interested in running for office nominations will again be open at the November meeting with elections at the December meeting.

The club Christmas Party is planned for December 3 at 6pm. It will be a “pitch-in” this year and will be held at the Shelbyville Community Church, 720N 325E Shelbyville, IN 46176. More details will be out in late October.

Meeting closed at 1930

**Jeff's president's report is attached  
to the email sent with this newsletter**

## **RC Activities 2022/23 – as of 1 Nov 2022**
